EASTERN DISTRICT OF NORTH CAROLINA

U.S.A. vs. Clayton Ellis Minton

Docket No. 7:13-CR-59-1BO

Petition for Action on Supervised Release

COMES NOW Lakesha H. Wright, U.S. Probation Officer of the court, presenting a petition for modification of the Judgment and Commitment Order of Clayton Ellis Minton, who, upon an earlier plea of guilty to Conspiracy to Possess With the Intent to Distribute and Distribute a Quantity of Heroin, in violation of 21 U.S.C. § 846, was sentenced by the Honorable Terrence W. Boyle, Chief U.S. District Judge, on November 14, 2013, to the custody of the Bureau of Prisons for a term of 60 months. It was further ordered that upon release from imprisonment the defendant be placed on supervised release for a period of 7 years. Thereafter, on December 18, 2014, upon the granting of Minton's motion pursuant to 18 U.S.C. § 3582(c)(2), the term of imprisonment was reduced to 49 months.

Clayton Ellis Minton was released from custody on November 6, 2015, at which time the term of supervised release commenced.

On September 1, 2017, a Petition for Action was submitted to the court advising that a urine specimen collected from the defendant on August 18, 2017, was determined by the national laboratory to be positive for cocaine use. In response to the violation, Minton's supervised release was modified to include drug aftercare and participation in the DROPS program, beginning at the second use level. On September 13, 2017, the defendant underwent a substance abuse assessment with PORT New Horizons in Nags Head, North Carolina, and was not recommended for treatment.

On August 14, 2018, a DROPS Sanction Report was submitted to the court advising that a urine specimen collected from Minton on July 30, 2018, was determined by the national laboratory to be positive for cocaine. In response to the violation, the defendant was ordered to complete a 5-day DROPS sanction. He completed the sanction on September 12, 2018. Minton underwent a substance abuse reassessment with PORT New Horizons on September 19, 2018, and was not recommended for treatment.

RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:

On October 29, 2018, the defendant submitted to an instant urine screen which tested positive for cocaine use. When confronted with the result, Minton admitted to consuming a shot of liquor containing liquid cocaine on October 24, 2018. He also provided a written statement acknowledging his drug use. The national laboratory confirmed the result of the instant urine screen on November 3, 2018. In response to the violation and in lieu of a 10-day DROPS sanction, it is respectfully recommended that Minton be ordered to abide by a curfew with electronic monitoring for a period of 30 days. The defendant signed a Waiver of Hearing agreeing to the proposed modification of supervision. Additionally, it is respectfully recommended that the DROPS Program condition be removed inasmuch as it is no longer being used in this district.

Note: On November 5, 2018, Minton was referred to Professional Counseling Services in Nags Head for a substance abuse assessment. The assessment is pending.
